

This sheet provides information on the presence of specific materials and components, as required to facilitate end-of-life treatment in compliance with the Waste Electrical and Electronic Equipment (WEEE) Directive.

When your HIOKI product is end-of-life, please ensure you deliver the product for recycling to the WEEE collection system in your country.

**Producer:** HIOKI E.E. CORPORATION

**product category / type of equipment ( Annex IA and 1B of WEEE Directive) :**

1A : 9. Monitoring and control instruments

1B : Other monitoring and control instruments used in industrial installations

| Information for treatment facilities  |                     |             |
|---|---------------------|-------------|
| Company Name  | HIOKI               |             |
| Products Name   | INSULATION TESTER   |             |
| Product Number  | IR4056-20,IR4057-20 |             |
| Components or Material<br>[ EICTA, CECEd, and EERA Joint Position Guidance September 26, 2005 ]   | Present             | Location No |
| Battery(internal*)containing Mercury(Hg)/NiCad/Lithium/Other  | YES                 | 1           |
| Backlighting Lamps of LCD/TFT or similar screens containing Mercury(Hg)   | No                  | -           |
| Mercury(Hg) in other applications**   | No                  | -           |
| Cadmium**   | No                  | -           |
| Gas discharge Lamps   | No                  | -           |
| Plastic containing brominated flame retardants other than in Printed Circuit Assemblies***  | Y                   | 2           |
| Liquid Crystal Displays with surface greater than 100cm <sup>2</sup>  | No                  | -           |
| Capacitors with PCB's   | No                  | -           |
| Capacitors with substances of concern****+height>25mm,diameter>25mm or proportionately similar volume   | No                  | -           |
| Asbestos  | No                  | -           |
| Refractory ceramic fibers   | No                  | -           |
| Radio-active substances   | No                  | -           |
| Beryllium Oxide   | No                  | -           |
| Other forms of Beryllium  | No                  | -           |
| Gasses-which fall under Regulation(EC)2037/2000 and all hydrocarbons(HC)  | No                  | -           |
| Components with pressurized gas which need special attention Pressure>1.5bar*****   | No                  | -           |
| Liquids ***** if volume>10cl ( or equivalence in weight,e.g. for PCB,oil...)  | No                  | -           |
| Mechanical components that store mechanical energy(i.e. springs) or equivalent parts which need special attention***** (diameter>10mm and height>25mm or proportionally similar volume and expanding) | No                  | -           |

## Location Information

|                |                     |
|----------------|---------------------|
| Company Name   | HIOKI               |
| Products Name  | INSULATION TESTER   |
| Product Number | IR4056-20,IR4057-20 |
